Seven billion people. One road.

Movement is the universal language of personal freedom. Our founder Louis Chevrolet spoke it fluently. As a Swiss immigrant, he came to North America with a dream of racing cars. He wished for everyone – not just the rich or entitled – to experience the exhilaration he felt behind the wheel.

In 1911, he began building his first car. One hundred years later, a new Chevrolet is sold every 6.6 seconds. That amounts to 4.76 million vehicles in more than 140 countries – more than Louis Chevrolet could ever have imagined.

The depth of our heritage and passion is evident in everything we do here at Chevrolet. It's ingrained in the bold design, spirited performance, proven durability and exceptional value our drivers enjoy. It empowers us to be leaders in innovation. And it inspires us to continuously raise the bar – today, tomorrow and into what promises to be a bright future.

Currently, we are pioneering new propulsion technologies to meet the demanding energy and environmental needs of a global automotive brand. We're also employing alternative energy sources and investing in fuel-saving technologies to help reduce our carbon footprint with the goal of reducing 8 million metric tons of carbon dioxide emissions over the next few years.

Our global reach is expanding, yet our mission remains the same. We want every customer to feel like family – no matter where you are in the world. And no matter where you're going, we want you to enjoy the ride in a Chevrolet.

From the vision of one man to the movement of millions, it's been a remarkable journey. And at Chevrolet, we're just getting started.

SILVERADO

THE TRUCK YOU CAN BELIEVE IN.

When you build a truck that works this hard, word gets around. All across Canada, you'll see Chevy Silverado carrying the weight, working the family farms, getting the job done right. With an engine lineup highlighted by an available 403 horsepower Vortec™ 6.2L V8 and towing capacities that top out at 4853 kg (10,700 lb). And better V8 highway and city fuel efficiency than Ford F-150.[1] For so many reasons, the 2013 Silverado 1500 is the truck you can believe in.

They are the most capable of all Chevy pickups: the Silverado 2500HD and 3500HD. For more information, ask your dealer for the 2013 Silverado HD brochure and visit **chevrolet.ca**.

12 MODELS

It's easy to get the Silverado that's right for your needs, with a choice of Regular Cab, Extended Cab or Crew Cab models, all available in 2WD or 4x4 versions.

AVAILABLE 403-HP V8

Silverado powertrain choices include an available Vortec™ 6.2L V8 that generates 403 horsepower and 417 lb.-ft. of torque. An advanced six-speed automatic transmission is standard on all Vortec™ 5.3L and 6.2L V8 models.

TOWS 4853 KG (10,700 LB.)

Extended Cab models can haul 865 kg (1908 lb.) of payload[2] or tow 4853 kg (10,700 lb.),[3] using the available MAX Trailering Package. The 2013 Silverado also features Trailer Sway Control,[4] Hill Start Assist[5] and Powertrain Grade Braking.[6]

BEST COVERAGE IN CANADA

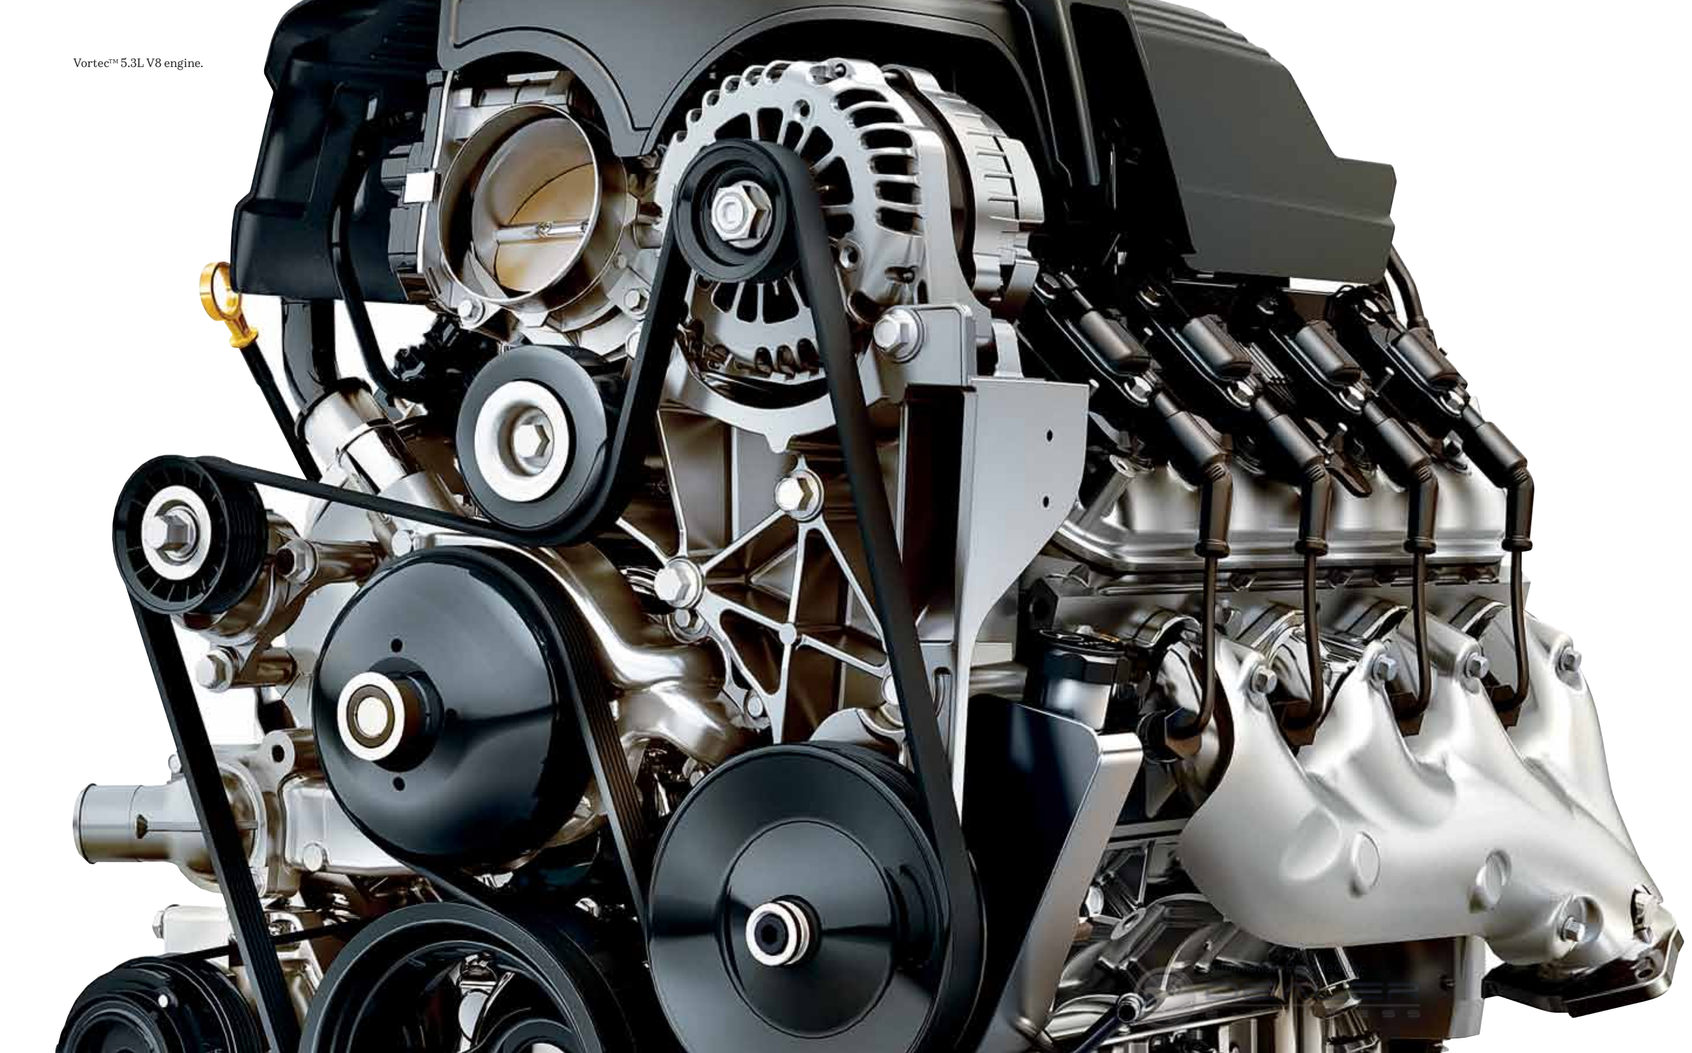
Chevy backs Silverado with the best coverage of any full-size pickup in Canada, including a 3-year/60,000 km New Vehicle Limited Warranty,[6] a 5-year/160,000 km Powertrain Component Limited Warranty, with $0 deductible,[6] 5-year/160,000 km Courtesy Transportation[6] and 5-year/160,000 km 24/7 Roadside Assistance.[6]

1 2013 Chevy Silverado, with available Vortec™ 5.3L V8 engine and 6-speed automatic transmission, fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Competitive fuel consumption ratings based on Natural Resources Canada's 2012 Fuel Consumption Guide. Your actual fuel consumption may vary. Excludes hybrids and other GM models. **2** Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo, and are approximate. **3** Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. **4** Not available on Silverado Hybrid. **5** Not available on Silverado Hybrid or with 4-speed automatic transmission. **6** Whichever comes first. Conditions and limitations apply; see dealer for details.

Information Provided by

Silverado 1500 Crew Cab LTZ Short Box 4x4, shown in Silver Ice Metallic with available features.

Vortec™ 5.3L V8 engine.



MOST POWERFUL V8 ENGINES

IN SILVERADO HISTORY

Select from a Vortec™ 4.8L V8 with 302 horsepower, a 315 horsepower Vortec™ 5.3L V8 or the 322 horsepower hybrid 6.0L V8. If you want to take the ultimate power trip, step up to the available Vortec™ 6.2L V8 that generates 403 horsepower and 417 lb.-ft. of torque. It's our most powerful half-ton ever.

Vortec™ V8 engines feature fuel-saving technologies such as Active Fuel Management® with patented cylinder deactivation and Variable Valve Timing (VVT) that optimize both performance and efficiency for the Silverado driver. The Vortec™ 5.3L and 6.2L V8s are teamed with a Hydra-Matic® 6-speed automatic transmission with a "steep" first gear that maximizes acceleration and a "tall" overdrive top gear for quiet, low-rpm highway cruising.

Vortec™ power – the heart of Silverado capability.

Silverado Hybrid features the advanced Two-Mode Hybrid System – the only hybrid technology in full-size pickups today. It offers the best city fuel efficiency ratings of any full-size pickup: at 10.1 L/100 km.* It also provides the capabilities of a gasoline-powered 332 hp Vortec™ V8 that generates 367 lb.-ft. of torque that helps the Hybrid tow up to 2767 kg (6100 lb.).

ENGINE	HP @ RPM	LB.-FT. TORQUE @ RPM	STANDARD TRANSMISSION
Vortec™ 4.3L V6	195 @ 4600	260 @ 2800	Hydra-Matic® 4-Speed Automatic Overdrive
Vortec™ 4.8L V8	302 @ 5600	305 @ 4600	Hydra-Matic® 4-Speed Automatic Overdrive
Vortec™ 5.3L V8	315 @ 5200	335 @ 4000	Hydra-Matic® 6-Speed Automatic Overdrive
Vortec™ 6.0L V8 (Hybrid only)	332 @ 5100	367 @ 4100	Hybrid-Specific
Vortec™ 6.2L V8	403 @ 5700	417 @ 4300	Hydra-Matic® 6-Speed Automatic Overdrive

* 2013 Silverado Hybrid fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Competitive fuel consumption ratings based on Natural Resources Canada's 2012 Fuel Consumption Guide. Your actual fuel consumption may vary. Excludes other GM models.

TRAILERING – TO THE MAX

What makes Silverado such a capable tow vehicle? You can start with the strength of its three-piece modular frame. Then factor in a series of standard trailering features, such as Trailer Sway Control that keeps your truck and trailer heading in the proper direction automatically, and a Tow/Haul mode transmission that reduces shifting to maintain power and torque. The available Trailering Special Equipment Package adds such useful features as a weight-distributing trailer hitch platform with a 51 mm (2 in.) receiver and a 7-wire harness. The available MAX Trailering Package takes towing to the max, with a 403 horsepower Vortec™ V8 and a long list of heavy-duty components that make it possible for Silverado to tow up to 4853 kg (10,700 lb.).[1]

MAX TRAILERING PACKAGE

The MAX Trailering Pack, available with the Vortec™ 6.2L V8, gives Extended Cab models the capability to tow up to 4853 kg (10,700 lb.)[1] (4808 kg [10,600 lb.] on Crew Cab models).

POWERTRAIN GRADE BRAKING[2]

This advanced system automatically downshifts the 6-speed automatic transmission to help slow the truck and preserve brake pads on long, steep descents. An available trailer brake controller is fully integrated with the anti-lock brake system (ABS).

AUTOMATIC LOCKING REAR DIFFERENTIAL

This GM segment-exclusive feature – available on 2WD and 4x4 models – directs power to the wheel that has the most traction on slick or slippery road surfaces.

REAR VISION CAMERA

The available rear vision camera, integrated into the rear-view mirror or the navigation system, if so equipped, makes hooking up the easiest part of trailering.

Silverado 1500 Crew Cab LTZ 4x4, shown in
Silver Ice Metallic with available dealer-installed Chevy Accessories.

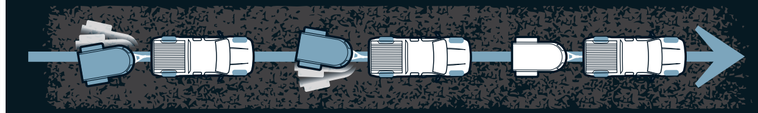
Information Alignment

TOW/HAUL MODE

Standard Tow/Haul mode[2] adjusts the shift schedule on the automatic transmission so it isn't "hunting" for the correct gear while towing or hauling.

STABILITRAK® WITH TRAILER SWAY CONTROL

The StabiliTrak® Electronic Stability Control System works in conjunction with Trailer Sway Control[2] to keep your vehicle – and your trailer – on the path being steered by sensing a loss of lateral traction and responding by adjusting the engine output and brakes accordingly. And when you're trailering in hilly terrain, Hill Start Assist[2] holds the truck stationary for about a second after the brake is released, giving you time to accelerate before the truck can roll backward.



1 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. **2** Not available on Silverado Hybrid.

DREAM BUILDER

Silverado 1500 Extended Cab LT 4x4, shown in Deep Ruby Metallic with available features and available dealer-installed Chevy Accessories.

If you're restoring a '70 Chevelle to concours condition, you work from the ground up. And if you're building a great truck, you start with a solid foundation. Every Silverado features a hydroformed front frame. Hydroforming – the injection of hydraulic fluids under extreme high pressure to reform metal into curved shapes – allows for fewer welds and better fits. The front portion of the frame is fully boxed for extra rigidity. The rear portion of the Silverado frame is fully boxed all the way to the spare tire cross member, where it becomes a C-channel. The result? A Crew Cab can haul up to 879 kg (1937 lb.) of payload with the available MAX Trailering Package.

DURABLE BEDLINER

Help protect the bed of your Silverado with a durable Bedliner, complete with a Tailgate Liner, available from Chevy Accessories.

TWO-TIER LOADING

Silverado was built for work with a stamped pickup box that includes stake pockets, two-tier loading capability and four cargo tie-downs for convenience and utility. And the tailgate can be lowered or removed for longer loads.

YOUR CREW. YOUR TRUCK.

You have the friends, family and colleagues who go places with you. Silverado Crew Cab has the accommodations to make them feel very welcome. Beginning with four large doors that allow for easy access to the generous amount of space inside. And the cab is as cargo-friendly as it is passenger-friendly, with a 60/40 split-folding rear bench seat that adds to the versatility. That's just one more way that Silverado makes hauling your stuff easier. Other examples include a low bed floor height and an available EZ Lift tailgate. Good for your crew – and everything they bring with them: Silverado Crew Cab.

Silverado 1500 Crew Cab LTZ Short Box 4x4, shown in Silver Ice Metallic with available Z71 Plus Package and other available features.

IT'LL CHANGE YOUR THINKING 170 DEGREES.

Silverado Extended Cab rear doors swing open a full 170 degrees – the widest of any full-size pickup. And the bed has a low load-in height to help you get the job done.

It took Chevy to build an Extended Cab without compromise. No need to squeeze into the rear of the cab – the large rear doors open a full 170 degrees for easy entry and exit. Extended Cab models also help you tailor the pickup box to the types of loads you carry with a choice of either a 6.5-ft. standard box or an 8-ft. long box. You can even reconfigure the box into divided compartments and utilize provisions for 2-tiered loading. The right cab and the right box – Silverado Extended Cab.

YOU CAN JUST CALL IT THE COMFORT CABIN.

It doesn't matter whether you choose a Crew, Extended or Regular Cab, Silverado 1500 cabins offer a high level of comfort – even luxury – for the hours you spend on the road. But to experience a truly upscale environment, opt for the LTZ. It features power 10-way front seat adjusters, including power two-way lumbar adjusters. You can take luxury one step up with available heated and cooled front bucket seats with perforated leather-appointed seating surfaces. Enter your comfort zone – inside Silverado's well-appointed cabins.

ROOM FOR EVERYTHING

Silverado LTZ has the room and functionality you want with a cavernous centre console, front and rear storage areas, and a one-hand flip-up rear bench seat on Crew Cab and Extended Cab models.

HEATED AND COOLED FRONT SEATS

Heated and cooled, leather-appointed front bucket seats with power 10-way adjusters are available on Silverado LTZ.

POWER ADJUSTABLE PEDALS

Find your perfect driving position with power-adjustable accelerator and brake pedals. They are available on LT and LTZ. An adjustable steering column is standard on all models.

DUAL-ZONE AUTOMATIC CLIMATE CONTROL

Here's another thoughtful interior detail – standard on LTZ and available on LT – that you and your passengers will appreciate all year long.

WAY BEYOND THE EXPECTED.

You expect a Chevy full-size pickup to be highly functional – and Silverado delivers. What may come as a surprise is the many forms of advanced technology that make your ride that much better informed – and entertained. The information technology includes everything from the standard OnStar® system with six months[1] of the Directions & Connections Plan to a sophisticated available touch-screen navigation system[2] that includes an 80 GB hard drive that can store up to 50 GB for media – and can time shift the radio up to 20 minutes. Other features keep you entertained along the way – options include a Bose® premium sound system with a subwoofer and a Rear Seat Entertainment Package with a DVD player and overhead display. Raise your expectations – with Silverado.

Silverado 1500 Crew Cab LTZ interior shown in Light Cashmere with available features.

01 ONSTAR

In most crashes, built-in sensors can automatically alert an OnStar[®1] Advisor, who is immediately connected into your vehicle. Turn-by-Turn Navigation offers voice-guided directions at the touch of a button. It's all standard on all models for six months.

02 TOUCH-SCREEN NAVIGATION

The available touch-screen navigation system[2] displays maps and information to help you find your way. You can also use the system to play the available XM Satellite Radio™,[3] Or you can listen to music from your CDs or MP3 player. To further customize your tunes, plug your iPod® or even a music-loaded flash drive directly into the USB port.[4] The available rear vision camera display, integrated into the navigation screen, features guidelines to help direct you into spaces and provides a clear view for trailer hookups.

03 BLUETOOTH® AT YOUR COMMAND

Make, answer and end calls without taking your hands off the wheel or your eyes from the road. Just tap the steering wheel-mounted controls and you're in touch. Bluetooth® wireless hands-free phone connectivity is standard on all models.

04 MEDIA SCREEN

You can listen to music from your choice of a 30 GB hard drive, CDs, an MP3 player or a 3-month trial of XM Satellite Radio™.[3] The included USB port[4] also allows you to customize your tunes from an iPod® or a music-loaded flash drive.

05 REAR VISION CAMERA

The available rear vision camera display, integrated into the navigation screen, features guidelines to help direct you into spaces and provides a clear view for trailer hookups.

1 Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers. **2** At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is limited outside these areas. **3** Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit xmradio.ca for details. **4** Not compatible with all devices.

ADVENTURES AWAIT.

Silverado 1500 Extended Cab LTZ 4x4 shown in Victory Red with available Z71 Plus Package.

Ready to take on the most challenging landscape Canada has to offer? The available Z71 Plus Package has what it takes to get you there with 46 mm shocks, off-road jounce bumpers and skid plates. The package gives your Silverado the bold look to match its legendary capability. The Z71 Plus Package includes all the features listed – to allow you to satisfy your spirit of adventure.

01
RANCHO® SHOCKS
These heavy-duty shock absorbers are specifically designed for off-road use.

02
UNIQUE INTERIOR STYLING
A gauge cluster with the look of carbon fibre and bright aluminum doorsill plates add a custom touch.

03
18-IN. ALUMINUM WHEELS
Massive 18" aluminum wheels are an exclusive Z71 feature.

04
UNIQUE EXTERIOR STYLING
A body-coloured grille with chrome insert, body-coloured outside rear-view mirrors and body-coloured exterior door handles set Silverado Z71 Plus Package apart. Fog lights and chrome recovery hooks are also featured.

CHEVY ACCESSORIES

Chevy Accessories offer the same quality of fit, finish and function as the rest of your vehicle. They are backed by the 3-year/60,000 km New Vehicle Limited Warranty* and can be included in your lease or finance agreement. Ask your dealer for a complete list of the Chevy Accessories available for Silverado, or visit **gm.ca**

STATIONARY TOOL BOX

This diamond-pattern aluminum Tool Box can hold up to 113 kg (250 lb.). It features a removable sliding tray with rubber mat and a one-touch latching mechanism.

BED RAIL PROTECTORS

You're not afraid of a hard day's work and neither is Silverado. Moulded Bed Rail Protectors are designed to keep your Silverado looking new after the job is done.

* Whichever comes first, when permanently installed by the dealer at the time you purchased your new vehicle, or for the remainder of the New Vehicle Limited Warranty if installed after the time of your vehicle purchase, but no less than 12 months or 20,000 km, whichever comes first.

Information Provided by: DEALER PROCESS

THREE-PIECE SOFT FOLDING TONNEAU COVER

The available Three-Piece Soft Tonneau Cover provides a clean appearance and is designed to improve aerodynamics at highway speeds.

ASSIST STEPS WITH STEP PADS

Tubular Assist Steps are available with either chrome or black powder coat finish.

SPLASH GUARDS

Moulded Splash Guards are designed to shield your truck from tire splash and mud.

1 – Requires Heavy-Duty Enhanced Cooling Package (K5L).
2 – XFE model (eXtra Fuel Efficiency).
3 – Requires MAX Trailering Package (NHT).

- Weight-carrying Hitch Limit: 2268 kg (5000 lb.) trailer with 272 kg (600 lb.) tongue weight. A weight-distributing hitch and sway control is required over a 2268 kg (5000 lb.) trailer weight.
- Ball hitch trailers over 2268 kg (5000 lb.) require the optional Trailering Special Equipment Package (Z82) plus Handling/Trailering suspension (Z85), High-Performance suspension (Z60) or Off Road Suspension Package (Z71).
- Trailer tongue load weight should be 10 – 15% of the loaded trailer weight up to 454 kg (1000 lb.) – 543 kg (1200 lb.) on models with MAX Trailering Package (NHT).
- The addition of trailer tongue weight or kingpin weight must not cause the vehicle weights to exceed the Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR).
- 1500 Short Box Crew Cab models are not designed or intended to tow 5th-wheel (gooseneck) trailers. For 5th-wheel trailer ratings and Gross Combination Weight Rating (GCWR) information please refer to chevrolet.ca or see your Chevrolet dealer.

WARRANTY

IT ISN'T FINE PRINT – IT'S A COMMITMENT.

Chevrolet puts the same care into its warranty and support programs that it does into the cars and trucks it builds. So you can add peace of mind knowing that every Chevrolet is backed by this comprehensive coverage:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Component Limited Warranty, with $0 deductible on repairs, and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs)*
- 8-year/160,000 km coverage on specific hybrid components on Silverado 1500 Hybrid model.*

* Whichever comes first. Conditions and limitations apply; see dealer for details.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:**

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.
